

Japanese Course for Foreign Exchange Students Syllabus

Class Name	Japanese I (C) [Grammar/Reading Comprehension I]
Offered Semester	Spring Semester
Topic	Stating opinions related to the understood information from the teaching materials.
Class Outline	The ultimate aim of the class is to help intermediate level students achieve a more advanced level of understanding and expressive ability in Japanese. More specifically, the class aims to help students reach a level of Japanese that allows them to react appropriately to unexpected situations, be it through offering explanations, descriptions, reporting information or stating an opinion.
Objectives	The final goal for this class is to develop student's understanding and expressive ability of Japanese to a more advanced level by mastering advanced grammar and expressions.
Class Format	Lectures and task work classes will be held
